Get started
RBdigital offers an easy way to access audiobooks from your library.

1. First-time users need to set up an RBdigital account. Go to cefls.org/e-audiobooks and select Register at the top right. Enter your information with your library card number and pin. (Your pin is usually the last four digits of your phone number.)

2. Download the RBdigital app on your smart device.

3. Log in to the app using the information you used to register.

4. Select Explore to find a title you want to check out. Once you've made your selection, just select Checkout. It will now show up on your dashboard page.

5. Select Download then select Play to start listening. You can change your preferences at any time by selecting Settings.

6. Select Information on the dashboard page to return or renew a title at any time.

For more help, contact yoursupport@recordedbooks.com.
Why RBdigital?

- Check out digital audiobooks free of charge with a library card.

- Use any smart device or PC to listen at home, on vacation, on your lunch break, or anywhere in between.

- Download each audiobook on your device so you can listen even without an Internet connection.

- Never get a late fee; audiobooks are returned automatically.

- Your progress is saved across every device, so you'll never lose your spot.
