Keep Your Kids Safe This HALLOWEEN

Stick together
A group is safer than going alone. Make sure younger kids are going out with an adult, too.

Be seen
Bright costumes, glow sticks, and flashlights can make sure drivers can see the kids.

Check candy
Don’t let your kids dig in until you have inspected all treats.

Keep it familiar
Only go trick-or-treating in areas you know. Don’t go to homes without lights or signs for trick-or-treaters. Ensure your kids know not to go inside homes and not to talk to strangers.

Don’t be late
5:30 PM to 9:30 PM is a good time to go out to collect goodies.
