

The Cole Collection contains photographs of Plattsburgh, N.Y. and the surrounding area. Included are photographs of locations within the Adirondack Park. The majority of photographs were taken in the late 1800's and early 1900's, but some are from the 1980's. Also included are photographs taken during the Lake Champlain Tercentenary Celebration of 1909, as well as a set of photographs taken by Seneca Ray Stoddard.
